1. There will be two motions by the Senior Committee:

Darlene will be motioning for the Board to make the \$1,000 in scholarships (currently \$500 for Disneyland and \$500 for Grad Night) be used for either scholarships or as seed money for fundraisers but let the new committee use as they see fit as they move forward and to be used for either of the above events as determined by the new committee. Therefore instead of the two \$500 scholarship allocations, the money could also be used by Disney and Grad Night as seed money for fundraisers by the Disney and Grad Night.

Maureen will be motioning to use the current year funds raised (\$1200) which had been allocated to Grad Night, to be set aside for Prom. If ASB can raise matching funds, then the \$1200 would be given to ASB for senior prom.
